NON-PRINTED SIDE

WHITE

Color of the non-printed side of fabric
As a standard all printed fabrics are white on the reverse, the color shown in the above box indicates the reverse side of the printed fabric on your order.

PMS COLOR MATCHING

NUMBER			
C			
M			
Y			
K			

All printing is done using CMYK on a large format printer.
Pantone colors / PMS codes can be supplied - they will be converted to a CMYK breakdown for digital printing.
Please state to our Graphics Coordinator if you require color matching to either a PMS color or a physical sample.
While we make every effort to match PMS colors, slight variation in color will occur.

Please Note:
All artwork is printed in CMYK, please convert all PMS or RGB artwork to equivalent CMYK colour break downs. Please be aware that slight colour variation may occur in the printing process as colours displayed on a monitor can change when printed.
Place artwork in the Design Layer of this document.

This template is designed at a 10% scale of the final product.
Rasterised artwork supplied at 300dpi to suit this template size is the minimum requirement for a high quality final print.
