EXTREME CANOPY

SANDBAGS

Sandbags are an easy to use solution to secure Folding Canopies on hard surfaces where Pins & Tie Down Ropes cannot be used.

The unique design will fit all folding canopies leg profiles from 1 3/4" up to 2 1/4". The Sandbags include a Velcro fixing system which enables the weight to be easily and securely attached to the marquee leg.

The dual PVC compartments include secure zippers, hold upto 16lb (7.5kgs) of sand* and the unit is easily installed with oversized Velcro tabs.

Measuring 8" x 1'3" x 4" (200mm x 400mm x 100mm)

Material PVC

4" (100mm) diameter compartments (QTY 2)

Weight 33lb (sand not included)

2" (50mm) Velcro Staps

Oversized tab at top

3/8" Stake Holes (10mm)

The sandbags have been designed to not interfere with the fitting of the Full Walls or Half Walls.

** Please note this product is not suitable on the Q8 Quasar when Half Walls or Full Walls are in use.*

EXTREME CANOPY

WATER WEIGHT

Water Weights have been specially designed and manufactured to secure all Folding Canopies on hard surfaces where Pins & Tie Down Ropes cannot be used.

The unique design will fit all folding canopies leg profiles from 1 3/4" up to 2 1/4". The Water Weight has a quick fit Velcro fixing system which enables the weight to be easily and securely attached to the canopy leg.

The Water Weights are manufactured from heavy duty HDPE and commercial grade velcro straps.

Measuring 6" x 6" x 1'7" (160mm x 160mm x 500mm)

Filled with water 22lb (10.5kg)

Filled with sand 35lb (16kg)

The weights have been designed to not interfere with the fitting of the Full Walls or Half Walls.

The weights can be stacked on top of one another, in situations when additional weight is required.

** Please note this product is not suitable on the Q8 Quasar when Half Walls or Full Walls are in use.*

EXTREME CANOPY

STEEL WEIGHT PLATES

Weight Plates have been specially designed and manufactured to secure all canopies on hard surfaces where Pins & Tie Down Ropes cannot be used.

The functional design slides over the canopy foot plate and is suitable for all canopy sizes. The bright yellow colour ensures enhanced visibility.

The Steel Weight Plates are manufactured from cast steel and powder coated.

Measuring 11" x 10" x 2" (280mm x 260mm x 45mm)

Weight 33lb (15kg)

Gusset 2" (55mm)

3/8" Stake Holes (10mm)

Stacking Links

Handle

The weights can be stacked on top of one another, in situations when additional weight is required.

** When stacked the weights can interfere with the fitting of the Full Walls or Half Walls.*

** Please note this product is not suitable on the Q8 Quasar when Half Walls or Full Walls are in use.*
