INSTANT CANOPY SCREEN PRINTING

ROOF & VALANCE PANELS  Zoom in to view your artwork (Ctrl+equal sign)

ARTWORK PMS COLORS

All artwork is Screen printed on the selected marquee fabric color.

Pantone Colors / PMS are to be supplied for printed logos and graphics.

UPTO four colors can be selected for printing your artwork.

While we make every effort to match PMS colors, slight variation in color may occur.

BINDING COLOR - POLY ROOF ONLY

Binding - The fabric used to join roof panels together.

The color shown in the above box indicates the color of the binding used on your order.

Any Standard Color from our range can be selected to complete your order.

Custom colored binding is available, please contact our Graphics Coordinator for a quote.

- Edge of panel
- Stitching line
- Top of the half wall

Please Note:

Please advise the graphics coordinator if you require color matching to either a Pantone color code or a physical sample. Digital artwork will be output in CMYK color coding. However, any required color matching must be supplied in the form of a Pantone solid coated number in order to achieve the most accurate print equivalent. While we make every effort to cross check and swatch-match your Pantone codes, slight variation in color can occur.

Please bear in mind that colors displayed digitally on your mobile device or desktop monitor may be calibrated differently in contrast to the finished product.

Every effort is made to match colors between alternate material types and previous orders. Please note that there can be color variation between PVC material, marquee fabric polyester and banner fabric polyester, as well as variation between sublimation printing and UV method printing.

This graphic template is designed at a 10% scale of the final product.

Please reference the 'Bleed' layer to build your artwork and only place your artwork elements within the 'Design Layer' of this document. Rasterized (pixel-based or Photoshop) artwork should be supplied at a minimum 300dpi to suit this template size.

The Extreme Canopy logo and tag will be printed or sewn on to the valance panels as shown above unless instructed otherwise to your graphics coordinator.
