Printing

Large format digital printing refers to method of printing from a digital based image directly to the PVC canopy material. Once the print has dried a hot lacquer is applied to the print surface to seal the print to avoid scratches.

Accessories

Transportation Box

Transport boxes are custom to each order and are important to ensure the safety and protection of the Event Crest during transit and while in storage.

Flooring

The flooring systems are solid, waterproof & incorporate anti-slip technology making them ideal for most events.
Colors:
Black and selection of woodgrain colours.

PVC Windows

Sidewalls are available with PVC clear windows in church, square, mesh and plain window varieties.

Solid Walls

Lightweight, integrated system shares the same structure as the glass panels & door units allowing these items to be easily interchanged.

Glass Doors and Walls

The aluminum frame glass door system is available in both single and double-winged configurations.

Ceiling Interiors

Add internal drapes to your event tent for a touch of elegance.

Awnings

These visually striking structural additions provide extra protection from the elements.

Portable Conditioning

The air conditioning compressor and fan unit have been built onto a steel frame that can be easily moved into position on a trolley.

Ground Fixings

The frame must be fixed and secure prior to installing the roof and wall fabric.

Ensure you have the correct ground fixings for your application.

Grass: Steel Stakes

Fix each Base Plate with Steel Stakes. Ensure stakes are appropriately secured into the soft surface (Grass/Dirt).

Concrete: Dynabolt

Fix each Base Plate with Dynabolts.

Weight Plate: Ground Mounting (suitable for any surface)
Each Base Plate will need to have at least 440 pounds (200kg). Refer to engineer certificate for more information.
Concrete block not supplied by Extreme Canopy.

What you will need for installation

All crest from the Extreme Canopy range are temporary structures, refer to engineer certification for more information about this product.

Drill / Impact Driver x2, Socket Set & Shifter, Ladder x2, Mallet, Tape Measure, Stringline, Level, Marking Pencil, Box Cutter & Forklift / Crane / Scissor Lift *

The use of Scissor Lifts for Crest tent construction may vary depending on size.
