**Binding**

- The fabric used to hem roof panels.
- The color shown in the above box indicates the color of the binding used on your order.
- Any Standard Color from our range can be selected to complete your order.
- Custom colored binding is available, please contact our Graphics Coordinator for a quote.

**All printing is done using CMYK on a large format printer. Pantone colors / PMS codes can be supplied - they will be converted to a CMYK breakdown for digital printing. Please state to our Graphics Coordinator if you require color matching to either a PMS color or a physical sample. While we make every effort to match PMS colors, slight variation in color will occur.**

**Please note:**

- All artwork is printed at 30%. Please convert all RGB or CMYK artwork to equivalent 30%. The template is designed at a 10% scale of the final product to assist with the artwork. Please be aware that slight color variations may occur in the printing.
- Rasterized artwork supplied at 300dpi to suit the template size is the minimum requirement for a high quality final print.
